

"A Professional Probation Case Management System"

Looking for a probation system that takes the frustration out of managing your cases?

We offer a probation system that makes it easy and affordable to manage your cases. With features such as case files organized by the probationer, detailed ledgers per case, notes with audio transcripts, unlimited visits per case, custom forms generated through MS Word, thorough reporting, and an interface with Quick-Court's Criminal system that will automatically set up the Probationer's record, Quick-Court's Probation System will streamline your department and increase your cash flow!

Need to be able to generate fees by a number of different date combinations?

If you have reoccurring fees, Quick-Court's Probation system eliminates the need to post these fees one-by-one. We have every generation scenario covered. The system can generate fees:

- * Monthly
- * Weekly
- * By providing a table of dates.

How much does the probationer owe you?

Quick-Court's probation system has a ledger associated with every case.

- * Function keys provide quick access to payment posting, posting write offs, adding fees, editing entries, generating fees and deleting entries.
- * A ledger overview, including balance, is always available at the bottom of the screen.
